

Vizioncore Solutions Licensing Model Guide

vRanger Pro™ (ESX 2.x and VI3 compliant)

- Software/License keys reside on a separate Windows® based server –does not require agents inside the Guest OS
 - Each physical CPU socket on ESX Host source requires 1 CPU License (Quad CPU ESX Host requires 4 CPU Licenses), number of cores does not matter
- Support and Maintenance (support@vizioncore.com)
 - Each license requires support/maintenance – included in costs
 - 1, 2 and 3 year options available
 - Client is entitled to future upgrades and revisions of that SKU within given support period
 - End user is required to renew support after period has expired or they incur fees on a case by case basis – cost very minimal
- Free trials available at www.vizioncore.com (10 CPU license good for 30 days)

vCharter Pro™ (ESX 2.x and VI3 compliant)

- Software/License keys reside on a separate Windows based server. Does not require agents inside the Guest OS
 - Each physical CPU socket on ESX Host source requires 1 CPU License (quad CPU ESX Host requires 4 CPU licenses.), number of cores does not matter
- Support and Maintenance (support@vizioncore.com)
 - Each license requires support/maintenance – included in costs
 - 1, 2 and 3 year options available
 - Client is entitled to future upgrades and revisions of that SKU within given support period
 - End user is required to renew support after period has expired or they incur fees on a case by case basis – cost very minimal
- Free trials available at www.vizioncore.com (10 CPU license good for 30 days)

vReplicator™ (VI3 compliant only)

- Software/License keys reside on a separate Windows based server
 - Each license provides ability to replicate 1 Virtual Machine from source to destination – licensing is not CPU based
 - Only source VM requires licensing. Target not necessary
- Support and Maintenance (support@vizioncore.com)
 - Each license requires support/maintenance – included in costs
 - 1, 2 and 3 year options available
 - Client is entitled to future upgrades and revisions of that SKU within given support period
 - End user is required to renew support after period has expired or they incur fees on a case by case basis – cost very minimal
- Free trials available at www.vizioncore.com (4VM license good for 30 days)

vEssentials™ Bundle (VI3 compliant only) - includes 1 CPU vRanger Pro + vCharter, 1 VM vReplicator

- Represents best value
 - Includes vRanger Pro, vReplicator and vCharter for a complete management solution to ESX environments at a 30% discount over purchasing separately (RRP)
- Support and Maintenance (support@vizioncore.com)
 - Same options as individual coverage – user will receive separate license files of each product – additional Replicator VM licenses may be needed
- Free trials available at www.vizioncore.com (10 CPU/VM license good for 30 days)
